

Pure Cube Hudson Sauna

The Pure Cube Hudson Sauna seamlessly merges contemporary design with timeless natural elements, offering a striking fusion of modern aesthetics and rustic charm. Its bold black metal exterior siding contrasts beautifully with the warm, inviting interior of Western Red Cedar, creating a sauna experience that is both luxurious and grounded in nature. A standout feature is the tempered glass front wall and door, which adds a sense of openness and elegance to the design. The sauna's distinctive peak and clean lines bring a "metal cube" feel while still evoking the cozy, welcoming essence of a traditional cabin, making it the perfect balance of sleek modernity and rustic warmth. Inside, wide two-level benches allow you to fully immerse yourself in the heat and comfort of the sauna. For enhanced performance, the Pure Cube Hudson Sauna offers insulated floor, walls and roof, incorporating 3" (8cm) EPS Foam. This insulation is moisture-resistant, meets LEED criteria, is 100% recyclable, and boasts an impressive R-Value of 11.25, ensuring energy efficiency and optimal temperature retention. The sauna's durable 28-gauge steel siding and trim, finished in a matte black paint, not only provides a contemporary industrial look but also ensures longevity and resilience. Available in various configurations to suit your unique needs, the Pure Cube Hudson Sauna is designed to elevate your wellness experience while blending modern design with nature's finest materials.

Manufacturer model: HU6112 | Verified: September 21, 2026

100% Canadian Made

Our saunas are crafted with pride from 100% Canadian wood, locally sourced and expertly shaped by Canadian woodworkers and artisans. Experience superior quality and craftsmanship in every detail, celebrating Canada's rich woodworking heritage.

Fully Insulated Floors, Walls, and Roof

3" EPS foam with an R-value of 11.25 helps to keep the sauna hot for longer and get to its maximum heat faster. Our foam is locally sourced, recyclable, and meets LEED criteria.

Wood Resistant to Rot, Decay, and Insects

Our 100% Canadian cedar is made for the Canadian environment. Made for the outdoors, our saunas can withstand all weather, from the harshest Canadian winters to the hottest Canadian summers.

Solid Single Stave Wood Bevels

Crafted exclusively from premium Grade-A Solid Cedar, our saunas feature seamless construction without tenon joints along their length, ensuring durability and a beautifully detailed design. We commit to using only the finest materials, never compromising on the quality of our wood.

Metal Black Finished Roof and Trim

Our premium metal roof and trim kits are made in Listowel, Ontario. The 28 gauge steel is sourced in Hamilton (The Steel City), so it's as Canadian as you will find! The painted finish features a Silicone-Modified Polyester (SMP) system, which is engineered to provide years of maintenance-free colour and protection from corrosion.

Environmentally Friendly

Sourced from certified sustainable lumber mills in British Columbia and Ontario, our wood is chosen with both durability and environmental stewardship in mind. You can feel good about your choice, knowing that you're investing in a long-lasting product that supports sustainable forestry practices.

Peace of Mind with Our Warranty

Our saunas come with a robust warranty, guaranteeing protection against defects. We are confident that this will be the last sauna you'll ever need. All sauna packages come with a 5-year warranty.

Easy Maintenance

When the wood and craftsmanship is of this quality, maintaining your sauna becomes effortlessly simple. Please refer to the "Care & Maintenance" section for more information.

Easy Assembly

We designed this sauna with you in mind, ensuring that it is straightforward and easy to assemble. We have several assembly videos and PDFs for each feature.

Configurations and options

Configuration	Option	Manufacturer detail
Wood Type	Clear Red Cedar	Clear Western Red Cedar is a premium grade known for its exceptional quality and appearance. It features a fine, straight grain pattern and is virtually free of knots and defects, making it a top choice for Saunas.
Wood Type	Knotty Red Cedar	Knotty Red Cedar lumber is characterized by the presence of knots, which are the remnants of branches embedded in the wood. These knots can vary in size and appearance, adding a rustic and natural aesthetic to the lumber.
