

RATANA

2026-2028 All-Weather Fabrics

What is in our cushion?

RETICULATED FOAM

RATANA takes great pride in offering reticulated foam on all their luxury outdoor seating collections. Reticulated (extremely open cell) material that possesses excellent fluid drainable feature, and yet providing durability, comfort and optimal support.

Reticulated Foam

Normal Foam

Excellent Drainability

Whether direct moisture (like rain or liquid spills) or dew, mist, fog or other environmental elements, reticulated foam will completely shed moisture to provide a fast-drying, comfortable cushion.

Germicide

Prevent growth of mold and mildew.

Durability

Reticulated foam is highly porous and dries quickly. It is ideal for outdoor furniture applications. It offers high tensile and shear suitable for vigorous usage.
