RETHINK WHAT YOUR POOL CAN DO

Rediscover the joy of movement with the Fastlane Tread underwater treadmill from Endless™ Pools. By combining the pleasure of water with the benefits of walking or running, Fastlane Tread makes every step feel better—and work harder—for you. Water walking and running offer all the advantages of dry-land exercise, without its negative aspects. Enjoy:

- Reduced joint impact for a gentler workout
- 360-degree resistance to engage more muscles
- Less post-workout soreness so you can stay active longer

Want to take it up a notch? Pair the Fastlane Tread with our Fastlane Swim resistance current for a full-body challenge that builds strength and endurance.
